

Confirmation of Institutional Support

Please review the following information with the appropriate person(s) at your institution to ensure that all parties involved understand the expectations of professionals who hold ACUI leadership positions at the regional level. Have your supervisor review the information below and sign that he or she understands the expectations and supports your application.

ACUI Region 7 Leadership Opportunities

The Association of College Unions International has established leadership position qualifications used in selecting volunteers. These qualifications are initial guidelines and may change during the term of service. The Leadership Team rules when extenuating circumstances arise. For all positions on the leadership team, ACUI expects the following of its volunteers:

- Demonstrated skills in organization, leadership, motivation and communication.
- Sensitivity to and understanding of the membership's diverse needs and priorities.
- Commitment to affirmative action and multiculturalism and their role in ACUI.
- Full-time employment in a college union or student activities department or student affairs division at a member institution, solid institutional support that is confirmed by the agreement below.
- Financial and professional development time commitment from the institution for the volunteer to attend the regional conference each November.
- Commitment from the institution to provide time for the volunteer to attend leadership meeting. ACUI pays for the expense.
- Institutional support for the candidate by providing access to, utilization of and commitment to Web-based communication.

Acknowledgment of Institutional Support

I have met with _____ and discussed the responsibilities and qualifications that this ACUI leadership opportunity requires.

I am confirming that candidate has the institutional support necessary to make his or her participation in an ACUI regional leadership position possible.
